

Autism Assessment Pathway

East and West Somerset
5-17 YEARS

CYPNP- Children and Young
People Neurodevelopmental
Partnership

6

Initial Contact

the age of the child or young person as well as the location of your GP practice will determine which service you will be contacted by

7

First Assessment Appointment With Child Or Young Person

9

Multidisciplinary Team (CYPNP) Meet To Review Evidence

including agreeing the outcome of the assessment and involving interagency discussion as appropriate

8

Further Assessment Appointments As Required

conducted with the relevant professionals and tailored to reflect individual needs

10

Communicating Outcome

this will be done with the child or young person and their family through a face-to-face appointment and assessment report

11

Diagnosis Of Autism May Or May Not Be Given

Sign-posting is offered
